THE INVITATION

EVERYONE SINGS.

Join us for an engaging acoustic karaoke session designed to bring everyone together for team building and enjoyment. Whether it's an in-house daytime event or a work night out, acoustic karaoke encourages you to step into the spotlight, whether you're an experienced singer or not.

The focus is on participation, mutual support, and creating enjoyable memories as a team. Pick your favourite songs to perform with Liam on guitar and backing vocals and connect with your colleagues in a new way.

Don't worry if you've never sung in front of others before — everyone's welcome, and there's something for every musical taste. We'll have lyrics ready for you, so you can just jump in and have fun, whether you want to belt out a solo, team up for a duet, or join the whole group for a crowd-pleaser.

If there's a song you would love to sing that's not in the book, just ask and we will do our best to play it for you.

HOW THE NIGHT WORKS

TWENTY TABLES. FOUR HUNDRED SONGS. ONE LIVE GUITAR.

Every table in the room gets a songbook. Your people flick through, pick what they want, and put in a request. Liam plays it live — in your key, at your pace, with backing vocals if you need the help.

No backing tracks, no machine. A working musician of twenty years who can play four hundred songs from memory, with the lyrics up on screen so nobody has an excuse.

Guests were up on the mic singing — it was actually the highlight of the evening. Great craic, and unforgettable memories.

EMMA & KAMIL

He had all of our guests in the palm of his hand, managing requests across every genre seamlessly and keeping everyone involved. Pure talent.

CARLA & STEPHEN

He reads a room brilliantly and gets everyone going. I've since recommended him to corporate clients for their own events.
